

PULASKI TOWNSHIP

WORK SESSION

July 14, 2014

The meeting was called to order by George Hage, Chairman of the Board at 5:30 P.M. He led the Pledge to the Flag. Those in attendance were: George Hage, Doug Margetic and Byron Mooney. No one else was in attendance.

Discussion of the situation of the Pulaski Township Fire Department was held. Mr. Hage was asked by Alan Hickey to contact the Daugherty Township Secretary to set up a meeting with the two Fire Departments and Supervisors to consider the possibility of merging the two departments. The firemen are struggling to keep up with the building and expenses. No one will volunteer to work bingo, so bingo has been discontinued. They have no other fundraisers.

The possibility of piggybacking with New Brighton Borough to do the roads this year was also discussed. The secretary was instructed to contact the Engineer, Dan Sell, from Widmer Engineering to see if there is a completion date for the job. The Secretary had contacted Mr. Morley and New Brighton has bid for the paving for 2014 and if the supervisors wish, they can be added to the bid.

The work session ended at 6:30 P. M.

Sincerely,

PULASKI TOWNSHIP

Mable Henn
Secretary
