PULASKI TOWNSHIP

WORK SESSION

May 9, 2022

The Pulaski Township Supervisors held a work session prior to the regular meeting on Monday, May 9, 2022. Mr. Zachodni called the meeting to order at 5:00.

Those present: Casey Zachodni, Mark Wagle, Ralph Flara, Connie Wagle. There were no residents present.

- Mr. Zachodni was in Hershey last week for PSATS annual conference. He was able to gain some knowledge while there on some things pertaining to the township. He stopped at the Verizon Booth and got info to proceed with getting a new cell phone for the garage. He also obtained information on getting a newer truck by piggy backing with COG. If we want to try to get new truck all information is due in October. Delivery on the truck could be 1-3 years. We would need to get exact measurements to fit the leaf truck. Also, we could try to sell the old truck on municibid to get some money out of it.
- The project on Stang Street has been completed and the invoice has been paid.
- On the Beaver property, the pad for double wide has been poured, but there are no tie downs that we can see. Mr. Wagle will check with Peggy at the meeting.
- Mr. Zachodni needs to ask Peggy about the grass at his neighbors across the road on 32nd Avenue, the grass has not been cut since last year.
- Street Parking - Mr. Zachodni went through all the streets regarding parking and pretty much every road will need to have no parking signs. Chief Walton advised us in the past to enforce the parking, the ordinance must be updated/changed. The parking on 43rd Street during baseball season is extremely bad and needs addressed. Mr. Flara attended the recreation boards meeting last week and he mentioned the parking and Mr. Ludwig was not too pleased with this being addressed. Also, we need to enforce no parking within 25 ft of intersection, will check to see what is legal.
- Version representative contacted the office, regarding Mr. Zachodni speaking with him at the conference. Connie returned call and gave all the information needed to proceed with getting an Android phone.
- Paving will be piggy backing with New Brighton and paving will start when New Brighton's starts. Roads to be done tar, chip & patch 43rd Street to 34th Avenue, tar and chip & patch 40th Avenue.
- Cameras at the traffic light. Chief Walton stated at the last meeting he would have a proposal from the DA office ready for next meeting. Questions that are of concern: internet service for these to operate, how would this be done? Also, if for any reason the Pulaski would go with another police department (Regional) does the cameras stay?

The work session was adjourned at 5:40 PM.

Respectfully submitted,

Connie Wagle
