PUBLIC PARTICIPATION

Mr. Everly has concerns about the flooding on 47th Street with recent hard rain we had on November 11, 2022. Mr. Zachodni explains that when Mr. Beegle raised the basin on his property. Mr. Everly suggests moving basin back 15 ft and run a pipe underground. Mr. Zachodni explains basin in on Mr. Beegle's property and the pipe would be too low. Mr. Flara asked if Mr. Beegle had permission to move basin and Mr. Zachodni does not believe so and it was many years ago. There were never any issues until the basin was moved. Mr. Zachodni stated that the gas line will be replacing lines and when they do the road will be paved and the basin and pipe will be placed, this could be a couple of years though, he once again stated that the township is behind on paving due to paving for about 15 years prior to 2020 and we are trying to catch up and the state aid we receive yearly has been decreased over the years. Mr. Thomas asked if Mr. Beegle could be asked to fix it and Mr. Zachodni states the township has confronted him and he says he has no water so there is no problem and won't change it, there are several puddles that form on road with hard rain. Mrs. Geary adds that it is dangerous in the wintertime. Mrs. Everly had question regarding the account for the Stormwater fee charge, wanted to clarify that residents are to pay bill at the borough bill. Mr. Zachodni confirmed that the bill is paid at New Brighton Sanitary Authority, and they then place payments into Pulaski account. Mr. Thomas has nothing for tonight's meeting. Barry Geary has nothing for tonight's meeting. Mary Geary has nothing for tonight's meeting. Alex Winkle is here to ask for exoneration of the taxes for 3903 41st Avenue, he is purchasing from the repository, the school already has exonerated their taxes. There is a maintenance lien on this property totaling $5137.80 for grass cutting/weed cutting over the years.

Mrs. Hickman wanted to update her concern of the low hanging wires she addressed a few months ago. Mr. Wagle did call X-Finity to come to repair them. However, there is a rope they tried to use to tie wires up and now Mr. Beaver left a rope hanging and wants to know if someone could come cut it. The supervisors advised her to call X-Finity to come out.
